

**TRT36 / TRT60 / TRTAG2**

The TRT is a Tripod Roof Tower, which comes fully assembled. All models feature universal mast clamps, capable of mounting up to 1-3/4" masts. The bolt-on swivel feet, adjust to most any pitch roof. The TRTBAG is the part number for the standard roof anchor hardware available to attach your TRT to the roof top. The TRTBAG is sold separately.
