340028	Ground Guy Clamp	3	3	6	6	6	6
TBSAFETY	Turnbuckle Safety	3	3	3	3	3	3

Note: Mounting pipe is not included and must be ordered as a separate item. See Drawing C850315 for further details.

Installation information and a safety package (part number ACWS) are also included with the tower material. This package consists of one anti-climb warning sign and two Danger – Watch for Wires labels along with other printed safety information.

All types of antenna installations should be thoroughly inspected by qualified personnel and re-marked with hazard and warning labels at least twice a year to insure safety and proper performance.
